

THE
Seahorse
LAGUNA BEACH, CALIF.

THE SEAHORSE

The Seahorse is a neighborhood beer and wine bar that is located inside Pearl St. General in the Pearl District of Laguna Beach. In 1926, this historic building became its current namesake The Seahorse, Laguna's first gay bar. After many years of operating as a secret watering hole for the local gay community, the location turned back to retail as Laguna Auto Parts. It has now once more returned to its original social roots where locals and visitors alike can sit at the original bar that was the centerpiece of the 1940's bar. The Seahorse serves craft & microbrew beers, wines, and creative bar food.
